

**BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2020-____-S**

Application of Condor Environmental,
Incorporated for Approval of Transfer of
Stock

**APPLICATION FOR APPROVAL TO
TRANSFER STOCK
AND MOTION FOR EXPEDITED
CONSIDERATION AND WAIVER OF
NOTICE**

Condor Environmental, Incorporated (“Applicant” or “Condor”) submits this Application for approval for an internal transfer of the stock in Condor from Samuel Weaver to Brad Weaver and Jason Weaver. Condor files this Application pursuant to 26 S.C. Code Regs. 103-504, and the Commission’s Rules of Practice and Procedure. In support of its request, the Applicant respectfully submits:

1. The Applicant provides wastewater services for compensation to customers located in its approved service areas in Anderson, Greenville, and Spartanburg counties in South Carolina. The Applicant is a “public utility” under the terms of S.C. Code Ann. §58-5-10(4) and is subject to the regulatory jurisdiction of the Commission.
2. S.C. Code Reg. 103-504 states “No existing public utility supplying wastewater disposal to the public . . . shall hereafter . . . transfer . . . any utility system. . . by the sale of stock or otherwise, without first obtaining from the Commission a certificate that the . . . transfer . . . is in the public interest Such certificate shall be granted only after the applicable information set forth in Sub Article 2, 103-510 *et seq.*, has been filed with the Commission and provided to the ORS, and after notice has been given to the Department of Health and Environmental Control and . . . to the public, and after due hearing”

3. Samuel Weaver was the initial and sole shareholder of Condor. Jason Weaver and Brad Weaver are Samuel Weaver's sons. Jason and Brad Weaver are senior managers of the business.
4. Jason Weaver is the President of Condor. He worked with the Spartanburg County Public Works Department where he was the Manager of Environmental Services and Solid Waste before starting as a Field Service Manager for Condor in 2012. He has a Bachelor of Science degree from the University of South Carolina, Spartanburg.
5. Brad Weaver has worked for Condor Environmental for over 25 years. He is currently Vice-President of the Company, where he focuses on business development and wastewater project management. He has a Bachelor of Science in business management and marketing from the University of South Carolina, Spartanburg, and has completed a management training curriculum at the Harvard Business School.
6. Samuel Weaver's transfer of stock to his sons is intended to maintain Condor's continuity of business operations and service. Condor's customers will not be adversely affected in any way. They will continue to receive quality service and their rates will not change as the result of the transfer.
7. The Weaver family was unaware the transfer of stock required approval but filed this application once they were notified of this requirement.
8. Condor's proposed transfer of stock is reasonably necessary, appropriate for, and consistent with the proper performance of Condor's service to the public and will not impair Condor's ability to perform that service.

9. Based upon the foregoing, it is in the best interest of the customers of the Applicant and the public that this Commission approve the proposed transfer of stock as set forth herein. Accordingly, Applicant submits that the public conveniences and necessity will be served by the Commission's approval of this request.
10. Time is of the essence and Condor requests that the Commission conduct an expedited proceeding for consideration and determination of this Application.
11. Because this is an internal shareholder transaction with no effect on service, Condor requests the Commission waive the requirements of notice by publication or notice by mail. Under the circumstances, waiver of these notice requirements would not adversely affect the public interest and is allowed under S.C. Code Reg. 103-501.3.
12. The South Carolina Office of Regulatory Staff, S.C. Department of Health and Environmental Control, and the administrators of the counties and municipalities in which Condor provides service are being served with notice of this Application.
13. Wherefore, having fully set forth its Application, Condor requests:
 - (1) review of the within Application be expedited;
 - (2) requirements of notice by publication and notice by mail be waived
 - (3) the Commission approve *nunc pro tunc* the transfer of stock from Samuel Weaver to Brad Weaver and Jason Weaver, as in the public interest; and
 - (4) that Condor be granted such other and further relief as the Commission may deem just and proper.

Respectfully submitted.
